

## VAT Identification Number

Skulski Enterprises Eesti OÜ will accept a valid VAT Identification Number that meets the verification standards set out below. Such VAT Identification Numbers start with a country-specific prefix followed by a maximum of 12 alphanumeric digits or capital characters. The chart below sets out the format of VAT Identification Numbers.

If your tax authority has not yet provided you with a VAT Identification Number that meets these requirements and you are entitled to VAT exemption under applicable law and regulation, please contact your local tax office to get a VAT Identification Number.
